Overall Changes:

- Change entire background to white, without a pattern
- Remove crappy claude pre-headings
- Change Header to have updated logo and text
- Change all of the colors of the website to match the new fonts and color scheme outlined in the updated company branding document.

Home Page

Hero Section

- Replace logo and Title with new logo and title
- Remove the tagline
- Replace all text with respective fonts for header, subheader, and body copy
- Delete tagline
- Replace the background of the hero with some crystalline imagery, iridescent gradient, and distorted RGB
- Add giant logo on the left, name and little description of what Gagamba does on the right with call to action right below it

Who We are

- Replace header with tagline
- Replace text with “Our Story” section from the slide deck

Meet Gagamba

- Replace drone section with a scrolling transition between every part of the drone
- Enlarge each part of the drone and zoom in on respective parts as descriptions and titles come up
    - Called “paralax” effect
    - Inspired by Tensorwave and alche.studio websites
- Remove the box and have the drone showcase be the entire section
- Get updated drone render (research who sent the original)
- Replace all fonts with updated fonts

Why Gagamba

- Update all of the statistics

- Get rid of all of the small text below subheadings in the (29x, 240k, 48M) section.
- Have big stats before the header so that the header is a supported claim
- Have a small description below the header to explain each of the stats.
- Remove the Traditional Methods vs Gagamba UAS table

Co-Innovation Partners

- Change name to “Our Partners”
- Change colors of header, company logos, and button to match updated color-scheme
- Keep the company logos black for legal reasons

Footer Section

- Have an enlarged footer that redirects users back to the different sections of the website
- Also include a Privacy Policy, Terms of Use, and other necessary forms (ask Khristian for advice)

About Page

- Replace Header with our new motto “The answer is clear.”
- Replace paragraph with an appropriate section of text from the slides
- Replace “Meet the founders” with “Founders”
- Add tiles below “Founders” for users to switch between the different teams, and add the following people to each section (arrange in alphabetical order by last name).
